The Countdown is On: We're Just Two Months Away!

com·mu·ni·ty

com·mu·ni·ty | \kə-ˈmyü-nə-tē\ - a unified body of individuals.

It's our code

We are marketers. We are web developers. We are coders. We are creatives. We are builders. We help unify and strengthen communities.

Building a free website for a nonprofit makes it possible for nonprofits to do more good in the community. Your support over 48 hours lasts a lifetime.
What are you waiting for? Join your community. Help make your community strong. And use your professional skills to make a difference for nonprofits.

Impact Report

“Homework House transforms the community because it is ingrained, in part, and embedded in the community. It's not this outside source coming in and then going out...Kids need a place like Homework House because it makes education accessible.”

We're helping Homework House spread the word and gather donations through a new website from 48in48 Boston.

FAQ

*Do I have to stay the entire 48 hours?*

No while this is a challenging, marathon like event, most volunteers work late, go home for a good night's sleep, shower and come back in the morning, just in time for breakfast.

*What platform are the sites built on?*
All of our sites are built on WordPress using the Beaver Builder themes. This combination gives you the power and flexibility of a WP site with the ease of use and upkeep of a Wix or Weebly site.

**Question 3: Is it hard to learn Wordpress?**
No! You can definitely learn Wordpress in one weekend.
