## ...Well, I'm not going to spread it!

But what we do want to spread is the opportunity for nonprofits to receive a free new website built by marketing volunteers! Shirley, you've nominated an organization for a 48in48 Website Grant by now!

Happy Summertime, Happy Father's Day, and Happy influx of Dad jokes!

And we promise not to call you Shirley from here on. 😊

Check out the [Blog Post](#) of this dad who started his own nonprofit to save lives.

### 75% of young donors are turned off by out of date websites

We want to give hundreds of Nonprofits a new website this year. To do that, we need hundreds to sign up! So far we have had 200 sign up and are looking to find 500 more.

### Can you help us with that?

Help us drive donors, volunteers, and awareness to Nonprofits through marketing and technology!
