48in48 serves nonprofits through skills-based volunteerism:

Building Websites

We build free professional-quality marketing websites at every 48in48 event to help nonprofits that are already doing good, look good as well.

"We were thrilled with the volunteers that we were connected to.

They were extremely knowledgeable, very patient, it was just kind of like a whirlwind

experience, but I felt like I was in really great hands."

-Sagdrina Jalal, GA Farmers Market, 48in48 Nonprofit Recipient

Training Nonprofits

We train all our nonprofits on how to use their new website so that they can make the most of it. This involves video training, tutorials and more!

Support

After an event we offer top-level support to our nonprofits, making sure they have all questions and concerns answered quickly. We are here to help the helpers.
